GERMAN SABOTAGE SPREADS ON RHINE

French Troops Forced To Tear Up
Railway Lines At Coblenz To
Stop Trains

STRIKES ARE EFFECTIVE

Paris Considers New Measures To
Force Sanctions—Ruhr Valley
Remains Quiet

(By United Press)

Sabotage against the invaders of
the Ruhr spread up and down the
Rhine today.

At Coblenz French troops were
forced to tear up railway lines to
prevent German rail workers from
rushing express trains through to
avoid their seizure. At Dusseldorf
strike of all workers on systems of
communications were effective.

Walkouts in the lower Rhineland
were aimed at Belgian invaders.

The French at Paris considered new
measures to force sanctions, while
there was a move on foot among
Scandinavian countries to put the
Ruhr situation before the league of
nations council. Ramsay Mac Don-
ald called a meeting of British labor
parliamentarians to consider the
situation.

Attention of Europe was diverted
from the Ruhr to the Near East by
signs of impending clash of arms be-
tween Great Britain and Turkey if
the Lausanne conference ends in dis-
agreement Wednesday. The British
cabinet and the war office are con-
sidering means to offset Turkish ag-
gression at Mosul, while the Angora
government hastily summoned Mas-
tapha Kemal from Smyrna.

Apprehension prevails that if the
Lausanne parley fails, and last word
was there was apparently no chance
of Ismet Pasha agreeing to the allied
terms, the Turks will advance in
Thrace and also will attempt to seize
Mosul.

Troubled centers of the Old World
included Ireland where insurgent
were active, wrecking trains, and in
Vienna where mobs clashed with po-
lice wounding 11 of the latter with
stones.

London, Jan. 29.—The entire oc-
cupied Rhineland today lent its
weight to sabotage against French
occupation of the Ruhr.

P. A. MILLER DIES AT HIS HOME HERE

Identified With Rushville Business
Interests As Hotel Man Almost
Four Decades

FUNERAL TUESDAY, 2 P. M.

P. A. Miller, age sixty-seven years,
died at his home, 232 East Third
street, Saturday night at 11:40 o'-
clock of diabetes and complications
following a prolonged illness. He
had been in ill health for several
months and for several weeks pre-
ceding his death, the condition of
the deceased was critical.

Mr. Miller was one of the pioneer
business men of the city, having been
in the hotel business for almost four
decades. He owned the Grand hotel
at the time of his death. Mr. Miller
was a jovial, well-met man, a good
mixer, with scores of friends. One
of his friends remarked today that
he was "too good-hearted for his
own good."

The deceased was born September
7, 1855 on the farm southwest of
Rushville which he owned at his
death and which has been in the Mil-
ler name more than 70 years. He
moved to Rushville in 1879 and lived
here practically the remainder of his
life. His first wife died January 10,
1913.

The survivors are the widow and
two children by the second marriage,
Cynthia Ellen and John Clark, and
three sons by the first marriage, Tom
of Alhambra, Calif., Clyde of Rich-
mond, Ind., and Glen of this city.

The funeral will be held at the
home Tuesday afternoon at two o'-
clock, with burial in East Hill. Friends
may call any time up to the
hour of the funeral.

TRUST BEHIND BILL IS CHARGE

Accusations Made Against Educa-
tion Measures Pending in Lower
House of Legislature

HEATED DEBATE FOLLOWS

House Votes Against Returning
Them to Committee for Further
Consideration

(By United Press)

Indianapolis, Ind., Jan. 29.—Open
charges that a "school book trust"
is the prime mover behind two edu-
cation bills pending in the legislature
were made in the state house of rep-
resentatives.

Following heated debate, the
house voted 60 to 27 against return-
ing the measures to the committee
on education for further considera-
tion. The committee had recommend-
ed that they be approved.

One of the bills introduced by
Representative Harris would reor-
ganize the state board of education.
The other introduced jointly by Rep-
resentative Pittenger, Post, Lowe
and Wedeking would remove the
power of the state board to select
uniform text books for the entire
state and empower each school cor-
poration to select them.

Representative Asa J. Smith asked
that the bills be recommitted and
declared they were actively support-
ed "by a school book trust." He was
aided in his fight against the meas-
ures by Representative Ahlgren who
characterized the measures as "vici-
ous and a source of contamination
in school affairs."

Representative Harris defended
his measure, with the declaration
that the state board selects the
books after the legislature adjourns
and that the selection last year cost
the state \$600,000.

Pittenger who voted to recommit
the bills said he and his three asso-
ciates in the text book measure had
the interests in the schools at heart
and held no brief for the alleged
trust. He said Indiana is the only
state north of the Mason-Dixon line
which has a centralized system of
choosing text books.

Representative Clapp introduced a
bill in the house to abolish the public
service commission and re-establish
the railroad commission, which the
public service commission supplanted.

Miss Sarah I. McConnell, accom-
panied by her mother, Mrs. Mary
McConnell, arrived home Sunday eve-
ning from Lincoln, Nebraska, where
she went shortly before Christmas
to undergo an operation, which was
more serious than was expected by
the surgeons.

Miss McConnell has not fully re-
gained her health, but expects to re-
sume her duties as supervisor of
music in the Rushville public schools
gradually. Miss McConnell taught
her first class in high school this af-
ternoon. The music work has been
carried on by the teachers during

TIME FOR PAYING INCOME TAX HERE

Form For Making Returns On In-
come Of Less Than And In Ex-
cess Of \$5,000 Sent Out

REQUIREMENTS OF LAW

Married Persons, Heads Of Fam-
lies Entitled To \$2,500 Exemp-
tion On \$5,000 Income

Arrival of the period for filing in-
come tax returns—January 1 to
March 15, 1923—presents to Ameri-
can citizens and residents the ques-
tion "Am I required to file a return?"
and "How shall I be assured of mak-
ing a correct return?"

To every person who last year
filed a return will be sent a form for
making a return of income for the
year 1922—Form 1040A for re-
porting net income of \$5,000 and less
and Form 1040 for reporting net in-
come in excess of \$5,000. Careful
study of the instructions on these
forms will solve many difficulties
which at first glance may seem per-
plexing.

As a further aid, the Bureau of
Internal Revenue has prepared a
series of newspaper statements based
on the latest rulings and decisions
governing the administration of the
revenue act. Answers to the
questions, which from the bureau's
correspondence during the last year
appear perplexing, will be presented
daily. Taxpayers are advised to
preserve these articles as they ap-
pear in order that when they may
have before them a comprehensive
summary of the requirements of the
revenue act.

The tax is imposed upon net in-
come, which is gross income less cer-
tain specified deductions for busi-
ness expenses, losses, bad debts, etc.,
to be fully explained later. Single
persons may subtract from net in-
come, before calculating the normal
tax, an exemption of \$1,000. The
exemption for married persons and
heads of families are \$2,500 on in-
comes of \$5,000 or less and \$2,000
on incomes in excess of \$5,000.

Taxpayers are allowed, also, an
additional credit of \$400 for each
person dependent upon them for
chief support, if such person is un-
der 18 years of age or incapable of
self support because mentally or
physically defective.

Requirements to file an income tax
return rests upon every single per-
son whose net income for 1922 was
\$1,000 or more or whose gross in-
come was \$5,000 or more and upon
married persons whose net income was
\$2,000 or more, regardless of whether
or not the income is taxable. For
example a man and wife with two
children 12 and 14 years old had a
net income for 1922 of \$2,700. Their
exemptions and credits amount to
\$3,300. A single man whose net in-
come was \$1,800 supports in his
home an aged mother. His exemption
in 2,500 as the head of a family,
plus \$400 credit for a dependent.
In both cases returns must be filed,
though the incomes are not taxable.

Twenty-Four Bass Constitute The First Catch of the Season

Jess Drake and Will Manning
made the first catch of fish of the
year, when on Sunday 24
nice bass were pulled out, and
19 were kept, and the rest
thrown back. Of this amount,
Manning bagged the limit of 12
and Drake had 7. The 19
weighed 16 pounds, and all of
them were large mouth black
bass. Mr. Manning caught 6
bass weighing 5½ pounds, Sat-
urday. It will be recalled that
the first catch of the season
last year was made by Louis
Ellman, Jess Drake and Elmer
Drake on February 22, when 72
bass were caught in about 2
hours, and of the number, 36
which weighed 42½ pounds,
were kept.

A very unusual thing hap-
pened Sunday when Mr. Man-
ning out of 9 straight casts had
nine straight strikes and landed
8 of the bass, letting one get
away at the bank. This is very
unusual and the 8 bass were
caught in about eight minutes.

OPPOSED TO THE COUNTY UNIT BILL

Washington Township Farm Bureau
Also Adopts Resolutions Against
Gasoline Tax

SENT TO REP. TROWBRIDGE

Farmers Believe People Should Have
Longer Time to Study Proposal to
Change School System

The Washington Township Farm
Bureau has adopted resolutions op-
posing the county unit school bill
and the bill proposing a tax on gas-
oline, both of which are now before
the Indiana legislature, and has sent
copies of the resolutions to Charles
M. Trowbridge, representative from
Rush and Henry counties.

The resolutions of the bureau ex-
press the opinion that the county
unit school measure, should not be
passed at this time on the theory
that the taxpayers of the state have
not had ample time to study such a
radical change in school operation
as is proposed.

The farmers of the township are
willing to see the gasoline tax be-
come a law if the present state tax
rate for roads is reduced to a levy
which would raise an amount equal
to that derived from the proposed
gasoline tax.

The resolutions were drawn up by
a committee composed of B. F. Mar-
tin and George Ertel. Carl Ging is
president of the township bureau.
The resolutions are as follows:

Resolved—That we are opposed to
the proposed County Unit Law, by
the present Legislature, for the rea-
son that the law proposed and based
upon the survey recently published,
has not had sufficient time to be
properly studied by the people, of so
vital a problem. And as it does ef-
fect such a radical change in school
operation, and the same should re-
quire intimate and searching inves-
tigation before definite action. We
believe that necessary time for such
inquiry and digestion of all the facts
and results of favorable action on
said bill should be more fully in-
vestigated and understood by the peo-
ple.

We are opposed to any legislation
which would add additional burdens
to the taxpayers for schools or any
other purpose at this time. We fur-
ther believe the present township
unit is sufficient and satisfactory
where we have a centralized school,
and that changing to County Unit
would demoralize the township pride
and school spirit in its' school with-
out adding to educational efficiency.
We further believe that the County
unit would add additional burdens to
rural communities in transportation,
and added taxes.

Further resolved—We are opposed
to the 2c gallon gasoline tax, unless
the present state tax of 3.3c for
state roads be reduced to a levy
equaling the amount of revenue de-
rived from the gas tax.

We oppose a tax on gas used by
stationary engines for power and
farm tractors, thereby adding ad-
ditional burdens to farm operation.

ing Accident At Westport Today

bound B. & O. train. Mr. Robbins
was riding in a touring car which
was completely demolished in the ac-
cident.

Mr. Robbins was a wealthy land
owner, and farmer and formerly ser-
ved as Decatur county prosecutor and

gaged as a teacher for many years.

No great damage was done as the
driver of the automobile and the
motorman of the car saw that a col-

slowing down when the crash came.
The front end of Mr. Saunders' ma-

EDWARDS CLOSES 3 WEEKS REVIVAL

Sunday Growing Day Of Series Of
Protracted Meetings At Main
Street Christian Church

ADD TWENTY-THREE MEMBERS

In Sunday Night Sermon Evangelist
Criticizes Pres. Butler On
Dry Law Stand

The very successful series of ev-
angelistic meetings conducted by the
Main Street Christian Church for
the past three weeks came to a close
Sunday night with a crowd that fil-
led the large main auditorium and
overflowed into the Sunday school
annex. It was a memorable day
throughout and will mark a tide of
wonderful interest in local evangeli-
sm, members of the church believe.

The evangelist, E. Richard Ed-
wards, pastor at Logansport, has
delivered a series of twenty-one
sermons that have been up to the
standard of the type that won the
unstinted praise of those attend-
ing the meetings. There was a
growth of interest from the very
beginning. Twenty-three came for-
ward during the services to confess
their faith and to transfer their
membership.

Sunday was a day of tremendous
interest. The Sunday school regis-
tered 463 in attendance. The audi-
torium was filled for the morning
worship. By special request a ser-
mon was preached in honor of the
local woman's missionary society.
An eloquent tribute was paid the ef-
forts of the women to spread the
Gospel among alien peoples and in
the home land. The subject was en-
titled, "The New Apostolate of Wo-
man."

The evening sermon was on "The
Fords of Jabbok." It dealt with the
story of Jacob wrestling with the
angel. The lessons drawn from this
incident had to do with life's strug-
gles for the higher values. The il-
lustrations and the reasoning held
the rapt attention of the audience
to the close. Of more than passing
interest was the allusion to the re-
baptism.

His attitude was shown to be both
illogical and unworthy of a man so
widely known as an educator. His
stand was declared to be a keen dis-
appointment to the friends of law
and order and decency. The speaker
claimed that in wrestling with this
question the gentleman was defeated
by old John Barleycorn who won
from him the decision of the umpire.
No man or woman could listen to
the vigorous appear of the speak-
er and fail to gather new courage
for the contest to crown life with
victory over the baser things.

The Mr. Edwards expressed his
deep appreciation of the wonderful
hospitality of the Rushville folk; of
the splendid chorus and Director Cole
and also for the orchestra. He took
occasion to speak in the highest
terms of the pastor, L. E. Brown as
to his pulpit strength and of the fact
the Rev. and Mrs. Brown with their
gifts and talents were bringing ad-
vantages to the church seldom en-
joyed by any congregation. The Rev.
and Mrs. Edwards left this morning
for their home in Logansport.

STATE TO PROBE FATAL SHOOTING

Two Men are Killed and Vermillion
County Sheriff and Foreigner are
Wounded at Blanford

OUTGROWTH OF RACE RIOT

Fatal Clash Between Sheriff's Posse
and Group of Miners When Ne-
gro's Place is Fired on

(By United Press)

Indianapolis, Ind., Jan. 29.—State
investigation of the shooting at Blan-
ford last night which resulted in the
death of two women the wounding of
Sheriff Harry Newlin of Vermillion
county and the wounding of another
man started today under direction
of Governor McCray.

The governor has been keeping a
close watch on Blanford since an
attack by a negro on a 11-year-old
Elizabeth Bales. All negroes were
ordered from the town on the day
following the attack and most of
them left. A national guard was sent
to Blanford with instructions to re-
port any difficulties arising there.

Last night's trouble was an out-
growth of the race riot, it was said,
and the governor may act to prevent
further difficulties.

Terre Haute, Ind., Jan. 29.—Dawn
and the lifting of the fog saw quiet
restored to the little mining town of
Blanford, 20 miles north of here,
following a night of terror in which
two men were killed and sheriff Har-
ry Newland of Vermillion county
and a foreigner were wounded.

A dense blanket of mist hovered
over the little town on the Indiana
side of the state line lent a gruesome
stillness to the night following the
fatal clash between a posse and a
group of miners shortly after mid-
night.

Six men were arraigned in court
at Clinton Monday, charged with in-
citing to riot as a result of the kill-
ings. They include Pete Pelich, the
man wounded in addition to the
sheriff.

The dead: Mike Yarach, 43, and
Dan Stupar, both coal miners.

Prosecutor Satterlee said he hard-
ly believed the killings were directly
due to the recent race troubles al-
though investigation which led to the
shooting was directed at trouble
which grew out of the firing of a
fusillade of shots at a negro store.
Satterlee said the sheriff's assail-
ants thought he was heading a li-
quor raiding party.

The trouble came as the culmina-
tion to ten days of tension follow-
ing an attack by a negro on a white
girl, 12 years old. That was January
9. On the day following the attack

ORDER OF SAND FLEES

Gary, Ind., Jan. 29.—The sand fleas are coming, yo ho.

The Gary Dune, No. 1, Everlasting Order of Sand Fleas held its annual meeting at the Gary Commercial club and initiated a class of 20 grubs into full-fledged fleadom.

Most Vicious Itch Leslie Bain presided and taught the young fleas how to scratch.

Dune No. 1 has about 100 members, each of whom is entitled to raise a blister in one time and two emotions.

A WOMAN'S BACK

The Advice of This Rushville Woman is of Great Value

Many a woman's back has many aches and pains.

Often it's the kidney's fault. That's why Doan's Kidney Pills are so effective.

Many Rushville women know this. Read what one has to say about it: "Mrs. Gertrude Sager, N. Sexton St., says: 'Some time ago I was in bad shape with my back and kidneys. My back was lame and sore and when I stooped the sharp cutting pains were unbearable. I felt as though someone were piercing me with a knife. My kidneys were weak and felt heavy and dull and they didn't act right. I heard of Doan's Kidney Pills and got a couple boxes. They soon did me of the trouble.'"

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sager had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Advertisement.

STATE TO PROBE FATAL SHOOTING

Continued from Page One
a warning was issued by a self-styled "Citizen's committee" to all negroes to quit Blanford. Most of the blacks left but there were a few remained. Two of them were proprietors of the Hale and Brown store.

Last night a group of Serbians, attending a dance, fired a volley of shots into the store conducted by the negroes. Shortly afterward Sheriff Newlin and a party of deputies drove into the town and went to the dance hall to investigate the shooting. Patrons of the dance, who it is reported were under the influence of liquor, opened fire on the sheriff's posse, one bullet striking him in the shoulder. His deputies went to his aid but one of them was overpowered and disarmed.

A gun battle followed in which the sheriff and one Serbian were wounded and the two men killed.

A call to Newport, the county seat brought additional deputies and the coroner and prosecutor Satterlee to Blanford. Meanwhile the dance had broken up and a semblance of order was restored. The bodies of the dead were taken to Clinton in an ambulance called from that city.

WILL THE POULTRY INDUSTRY

Ever be overdone? Is a question often asked? Our answer is NO. Does it pay? YES. Of course you must give them proper care, attention and feed.

There is only one hen to every 4 people in the United States and she does not lay an egg every day. So, if you eat more than ONE egg a week you are eating more than your share.

There was a time when the hog held first place as a money producer, but today holds only second place. The revenue from poultry and eggs amounts to more than from the hog industry.

OBITUARY

Lavonne Henby Hawk, daughter of Charles and Mandy Henby, was born in Rush County, Indiana on April 8, 1893, being the oldest of a family of seven children four of whom, Earl, Paul, Goldie and Marie together with their parents, survive. Lavonne died January 23, 1923 about 8 p. m. at the age of 29 years, 9 months and 15 days.

She united with the Christian Church in Arlington Sept. 26, 1908 at the early age of 15 years, during the pastorate of Brother Burns.

She united in marriage to Howard J. Hawk, March 22, 1911 and to them were born three children, Vera Lorene and Howard Jr., (11 days old) and Arvine Laverne, who died in infancy. Husband, daughter and son, remain to cherish the memory of mother.

Mrs. Hawk was an active member of the Arlington Rebekah Lodge and its Degree Staff and will be greatly missed by them.

No greater tribute can be paid to any woman than that of a devoted and true wife and a good mother, and such can be truly said of Lavonne. She had many friends who admired her quiet and gentle manners and we all feel that we have been greatly enriched by having known her and her life. We bring our gifts of flowers, emblems of our esteem and love, in silent tribute to her memory, and remembering that—As the sands of time roll on and on One by one we are departing—Leaving our home of fragile clay, to dust—

And on a brighter sea embarking—That somehow—somewhere—meet, we must

In a haven of hope and rest, Forever at home and blest, If in God and Christ, we put our trust.

Mr. Howard Hawk, Vera and Howard Jr., bid her a lingering and sad farewell. t1

LIFE AND GOOD DAYS:—
He that will love life, and see good
days, let him refrain his tongue from
evil, and his lips that they speak, no
guile.—1 Peter 3: 10.

Sale of Surplus Arms

The president has forbidden the
sale of any of our surplus arms to
any government or person where the
same would likely be used in a con-
flict between nations.

Good, for two reasons. It lessens
the possibility of another war, and
we will have that many more arms
on hand in case we have to fight
again.

But that is not enough.

Wars are only possible where
arms, munitions, supplies, food and
money are to be obtained by the bel-
ligerents.

If another devastating war should
break out in Europe the governments
involved would be deluging America
for money and the necessary sup-
plies. This would be fine for the war
profiteers, but it would be bad for
humanity—very bad.

Shut down on all loans and ex-
ports to nations engaged in war.

After they have shot up all of
their ammunition, and have eaten up
their food, and are beginning to feel
the pinch of hunger, they will be
ready to stop fighting.

There is no other way to curb or

prevent war in the present genera-
tion.

In the meantime we should be so
well prepared that we could lick any
combination that might be formed
against us.

That is about the only way to
keep out of war when it comes.

Changing the Calendar

The Chamber of Commerce of an
Eastern state has drawn up a resolu-
tion calling for an international
conference to improve the Georgian
calendar, in use throughout most of
the civilized world today. The pro-
posed new calendar would embrace
13 months of four weeks each, a
year of 365 days and a day to be
known as January 0 to sandwich
between December 31 and New
Year's Day.

Leap year, the resolution provides,
would be an international holiday,
dropped somewhere among the 365
days where it could be enjoyed with
fair prospects of good weather. The
thirteenth month, the odd one, would
be inserted between June and July,
and as a consequence everyone
would know without asking on what
day New Year's comes, and could
forget once and for all whether to
figure on a 30 or 31 day month.

Calendar changes have been ad-
vocated and some adopted since time
immemorial. That we are far from a
state of perfection in many phases
of our everyday life, does not need
reiteration. Our armchair and anti-
quated method of computing dis-
tances is but an example. But whether
a calendar change is advisable or
not is a matter for intense study.

The point we like best about the
proposed alteration is the sandwich-
ing of another month—a summer
one—between June and July. Just
think of it—two Junes!

PEOPLE'S SAYSO

The Miracles Of Jesus

So called "new thought"—which at
this present time is being aired by
one "Dr. Grant" of New York City—
and is always being aired by young
smart-alegs from richly endowed
modern colleges, makes it necessary
for the Christian man or woman to
state his tenets from time to time:

If vanity were faith, and money
bought colleges were the Church of
Jesus Christ, and high sounding de-
clamations were the doctrine of
Christianity the following statements
would not be necessary.

"Modern Thought" has all the
rights that it has any reason to ex-
pect, but it has not the right to call
itself Christianity. Neither has it
the right to parade itself in a church
dedicated to the preaching of the
Faith of Jesus. To see one of the
"Moderns" graciously casting his
charity-cloak of Great Learning
over a congregation of plain

childlike worshipers in a church
dedicated to the teachings of the
lowly Jesus of Nazareth, is a sight
to make angels weep and Devils call
for the Jass orchestra.

If, as taught by "modern thinkers"
the miracles of Jesus never suspect-
ed a natural law, then Jesus him-
self was an impostor and unworthy
the faith of a single child that now
looks up to him and calls him Lord
and Master.

If Jesus of Nazareth never "turn-
ed water into wine" except accord-
ing to the laws of modern science,
if he never raised the dead by over-
mastering a divine law, if he never
cast out demons in the name and by
the power of the Holy Spirit, if he
never walked on the sea of Galilee,
if he never forgave sins, if he never
was on "the mount of transfigura-
tion" in the presence of the embodied
spirits of dead worthies of a bygone
generation, if he was not of a mira-
culous birth, and did not rise from
the dead as no other founder of any
other religion ever did, "then is our
preaching in vain, and ye are yet in
your sins. Yea, and we are found
false witnesses of God."

If Jesus did not these things, he
is not even a great teacher, and
those who call him great, do so
merely that others may be constrain-
ed to call them great. Emerson was
one of those who—great thinkers,
as he really and truly was—allowed
the idea of his own divinity to take
precedence over the divinity of Jesus
Christ; or rather made himself equal
with Christ in inspiration, but Em-
erson, it must be remembered, saw his
idol of personified divinity totter
and fall from its throne when his reason
faded him. And every other man
who makes himself equal with God
or equal with the inspiration of
Jesus must some day fall in the dust
and worship him who is Lord of
lords, and King of kings.

is quite ill.

know that every day in January (al-
most) is full of sunshine and that
at no time has the weather been
below ten degrees above zero. Now
the politics are growing hot, a rising
barometer may be confidently predic-
ted.

Pea, under instructions from Mayor
Coving are waging war against the
travelling fraternity which hits
Rushville every day and night via
the side-door sleeper route. Last
night six hoboes were rounded up
and taken to the jail by the officers.
On seeing them come down the street
one gentleman remarked that there
were seven in the bunch while others
took exceptions to this remark and
declared that they were but six. A
small wager was laid on the argu-
ment. Investigation proved that there

Walking home with thoughts of
burglars probably utmost in their
minds, Will Feudner on one side of
the street and Clyde Miller and a
lady friend on the other, near the
corner of First and Harrison streets,
were startled last night about ten
o'clock to hear the sharp report of
a gun, which apparently came from
behind a tree, where a party was
standing not twenty-five feet away
from Feudner. A careful investiga-
tion was made of the premises, but
it failed to disclose any trace of the
user of the gun.

Skin Ablaze
with Eczema
Constant Itching Almost
Unbearable!

We know there is one thing that stops
eczema, and that is more red-blood-cells!
S. S. S. builds them by the million! You
can increase your red-blood cells by the
million! It is practically impossible
for eczema to exist. We know that as

blood-cells increase in number, blood im-
purities vanish! We also know that night
follows day. Both are facts! But have
you, eczema sufferers, ever actually taken
advantage of this wonderful fact? Thou-
sands just like you have never thought
about it! Skin eruptions, eczema with all
its fiery, skin-digging torture and its soul-
tearing, unreachably itching, pimples,
blackheads and boils, they all pack up and
go, when the tide of blood-cells begins to
roll in! Blood-cells are the fighting-giants
of nature! S. S. S. builds them by the
million! It has been doing it since 1820!
S. S. S. is one of the greatest blood-cell
builders, blood-cleansers and body build-
ers known to us mortals! When you put
these facts together, then to continue to
have eczema and skin eruptions looks
more like a sin than a disease. Mrs.
Arthur N. Smith, Pearl St., Newark, Ohio,
writes:

"My little girl had a very bad case of
eczema. She began taking S. S. S. and in
well now. I thank you very much. I tell
my friends what a good medicine it is. I
cannot talk too much about it, for I know
it is O. K."

Here is your opportunity. S. S. S. con-
tains only vegetable medicinal ingredients.
Because S. S. S. does build red-blood-cells,
it cures rheumatism, builds firm flesh,
fills out hollow cheeks, beautifies the com-
plexion, builds you up when you are run-
down. S. S. S. is sold at all drug stores,
in two sizes. The larger size bottle is the
more economical.

But Trained at Half Time—Sec-
onds Defeat Richmond

The jinx trailing the Rushville high school basketball team, followed at their heels again Saturday night, when inability to hit the basket lost the locals a 14 to 34 game to the fast Elwood high school. The Rushville second team chalked up another win, defeating the Richmond high school seconds in the preliminary game, 23 to 14.

The jinx of the varsity squad in the last three or four games has been in hitting the basket, although the team plays equally as well as any team met this year. In the game Saturday night, Rushville outplayed Elwood in the first half, and had more open and close-in shots than the visitors, but even the most easy shot, fails to land through the net.

Elwood was swept off their feet the first ten minutes of the game by the locals, and Rushville grabbed three shots at the basket before Elwood had a chance to touch the ball, but none counted for a goal.

Hilligoss for Rushville, drew the first blood, when he located the basket from the side, and soon afterwards Rushville was given three more chances to score on fouls, but all three went wild.

In the meantime Elwood was given one or two throws, but they also couldn't get started, and their center, Virgil, was the first to score on a long shot, tying the score at 2 points.

View of the Heavyweights

By HENRY L. FARRELL
(United Press Sports Editor)
New York, Jan. 29.—Three former world's heavyweight champions and one who wants to be the next one were clustered in the glare of the ringlight in Madison Square Garden the night Floyd Johnson fought Bill Brennan.

It was a fight advertised as one to give a line on how near the youthful Johnson was to a chance for the title and all the experts and celebrities were there.

With Tex Rickard in the front row were James J. Corbett, the first champion of the Queensbury rules; Jess Willard, the biggest of all title holders, and Tommy Gibbons, in line for the title.

In the manner befitting a blase champion, Jack Dempsey was absent.

Back several rows where the glare of the arc lights over the ring began to melt into a black curtain sat Jack Johnson, the "Lil Arthur" of days gone by, gold teeth and the whites of his eye balls sticking through the darkness.

Across the ring on the other side, visible only because he was taller than the rest, sat Harry Wills, the brown Panther of New Orleans, who will never be a world's champion, because he will never get the chance.

In that scattered group was represented all the stages of pugilism; in them were exhibited all the degrees of enthusiasm, ambition, hope and realization.

Corbett, suave and dignified like the "Gentleman Jim" that he was always called, sat there unemotional watching a young hopeful and an old veteran battle for the chance to get a title and the million that goes with it.

Corbett is gray at the temples and sparse locked on top. His forehead is deeply wrinkled and the telltale crow's feet crop out around his eyes when he laughs. His eyes are behind big horn-rimmed glasses. He looks like a bank president about to retire.

Corbett sat there with his arms crossed over his breast and the expressionless mask of a poker face on his countenance. Corbett's enthusi-

Rushville fought hard and during the next few minutes had shot after shot, and finally Newbold located the basket, putting Rushville in the lead again, 4 to 2.

The first half was ten minutes gone, and Elwood took desperate chances to overcome the lead, resorting to long shots, and also by working the ball close to their basket, and East, their forward, had an accurate eye, putting the ball through for three goals in rapid time, and giving Elwood a 10 to 4 lead.

In the closing few minutes, Elwood ran their score to 13, and kept Rushville trailing at 4, although the locals never gave up fighting, and had possession of the ball most of the time.

The second half started off fast, but Elwood had too much of a lead and they began to bombard the net, making good most of their shots, while Rushville still was unable to make them go through, although they had many shots at all times.

In the last half, Elwood made 21 points, and Rushville 10, and the fin-

asm had dimmed. He had been through it all and the thrill was not there.

Next to him sat Jess Willard, the huge Kansas cowboy, rancher, oil man, sheep herder and speculator—also the man who took the worst beating that a champion ever got in a ring.

Willard looked good. His face tanned by wind and sun made his eyes looked white and clear. His massive chest heaved under a blue silk shirt with collar to match and a neat gray suit. He twirled a big sombrero in his hands and squirmed around trying to get comfortable on a chair many sizes too small for him.

When the fight started, Big Jess moved his three hundred pounds to the edge of the seat and the muscles in his face started. With every blow struck in the ring his eyes squinted, his jaw muscles throbbed, his mouth opened and his tongue would moisten his lips. He was not out of the game long enough to keep from having a little sub-conscious part in it himself.

Next to him sat Tommy Gibbons, the St. Paul boy, the classiest boxer among all the heavyweights. Gibbons was on the edge of his chair. When the gong sounded for a round, all his muscles tightened and his fists clenched. He blocked with his elbows, his shoulders moved like one with a serious nervous trouble. He ducked his head and swayed it around on his shoulders and his feet were constantly shifting. He almost breathed laboriously with the men in the ring when they began to tire.

His demeanor represented ambition, hope, enthusiasm and all their relatives.

Back of them, through the haze of darkness and smoke beamed the golden smile of Jack Johnson. He was perfectly at ease. His bulk was so squeezed in between customers that he couldn't move if he wanted to and he only smiled, as he always did.

Over on the other side, his head on a stretched high neck to see it all, was the face of Harry Wills. He was putting a hunk of chewing gum to the greatest of torture. Otherwise he was just watching.

al count resulted 34 to 14.
Newcastle will be the next foe on the locals card, coming here Friday night. The locals were defeated by a one point margin at Newcastle, and a close contest may be expected here. On Saturday the all day county tourney will be held here with eight teams taking part.

Colts Defeat Richmond
The Rushville second team got off to a fast start in the preliminary game with the Richmond high school seconds, and was leading them 8 to 5, in the first half. In the last half the locals hit another fast clip, and Culp and Dailey made the score mount.

When the locals played at Richmond they lost out, 26 to 10, but the line-up Saturday night was much stronger. The summary:
R. H. S. Colts Richmond

Culp -----F----- Graffis
Dailey -----C----- Walls
Arbuckle -----G----- Reid
Conover -----G----- Johanning
Substitutions, Warth for Marshall, Somerville for Warth, Wainwright for Warth, Lacey for Graffis, Cummings for Walls. Field goals, Culp 3, Dailey 6, Ellibee, Walls 3, Johanning Foul goals, Dailey 5 out of 11, Cummings 4 out of 13. Referee Brown.

Hittin' 'Em and Missin' 'Em

Hittin' 'em will surely be sorry for the opponents of the Rushville team, whenever they begin to hit the basket, because we feel that some one of these games, the Scarlet aggregation is going to begin to roll 'em in, and nothing will stop 'em.

Rushville should rightfully be called the "tough luck team". More shots at the basket than any of their opponents in the last few games played, but the ball won't go in. Again we say, the team is going to begin makin' 'em count before long, and then watch out. Rushville played equally as good a floor game as Shelbyville or Elwood, and had twice the shots.

ANOTHER TEAM WAS OFF
Cliff Mitchell at Raleigh tells us that his team was just like Rushville Friday night, when they played Moscow, and that they were clear off on their shots. He wants another fling at Moscow, and perhaps he will have the chance in the tourney here Saturday.

Gosnell on that Moscow team, must have been exceptionally good, caging ten field goals against Raleigh.

LOTS OF ROOM NEWCASTLE
"Markin' up a Few" at Newcastle wants Hittin' 'em to save him a couple of seats for the game here Friday night. Well Markin' up, if the crowd isn't any larger Friday night than it was Saturday night, you can bring the whole family, and find room enough for 1,000 others.

SOME OF YOU FANS ARE POOR SPORTS

This time Hittin' 'em is going to score the fans. You are the poorest kinds of sports. Some of the best of you have deserted the team because they haven't been winning. No team around here fights as hard, and deserves to win as does Rushville. Their team work is along with the best, and they never give up fighting. They deserve to be supported. It would be different, if they didn't try so hard, but when they keep at it, they need your support. Some one of these nights, you will be sorry that you wasn't there, because we still have that hunch, that they are going to locate the basket, and pile up the score.

TWO CUP WINNERS
Alquina won the loving cup at the Fairview tourney and Richmond walked away with honors at the Hagerstown tourney.

HERE'S A NEW ONE

Didja ever hear tell of a game ending in a tie. Saturday night the Rushville high school girls played the Fairview girls in the preliminary game at Falmouth and when the game was over, each team had 14 points. A search was made of the rule book for girls, and nothing could be found setting out the fact that an extra period was necessary in order to determine the winner, and so the game was called a tie.

How are you betting on the Moscow-Milroy game, to be played at Blue Ridge Wednesday night?

HERE IS A 100 PERCENT REFEREE

Fred Bills, the best referee in these parts, tells Hittin' 'em that he wants to take this means of expressing his appreciation to Prof. Butler, Coach Jones and the basketball fans of Rushville for their fine treatment showed him this winter at the games he has officiated in here. The sportsmanship displayed here, he says, is of the best type, and his treatment at all times was the best.

HE IS A HARD WORKER ALSO

Incidentally, the game which he refereed here Saturday night, was his sixtieth this season, and his fifth for the day. He was one of the officials at Hagerstown, and had charge of four games there, before coming here. He said that his list would probably go to the one hundred mark before the season was over. He is anxious to have Rushville in the sectional tourney, and has made that request.

Practice hard on the goals this week, gang. Let's show the crowd that you can make 'em count.

12 POUND GAIN FOR MRS. NEWTON

Nervous Breakdown of 10 Weeks
Completely Overcome by Tanlac
She Declares

"I am delighted with the relief I got by taking Tanlac, and am glad to tell about it, hoping it will be of service to others who suffer like I did," declared Mrs. Grace M. Newton, highly respected resident of 18 W. North St., Indianapolis, Ind.

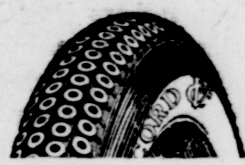

"I suffered from a nervous breakdown and neuritis for ten weeks, and for half that time was in the hospital with very little hope held out for my recovery. I had felt my troubles coming on for three or four years, but could get no relief. I had no appetite, could not sleep and was simply exhausted physically.

"My aunt in Greensburg, Ind., had been helped by Tanlac, and she advised me to take it. When I bought my first bottle I weighed a hundred and twenty, but now I weigh a hundred and thirty-two and my condition has improved wonderfully in every way. I have taken half a dozen bottles so far, and I think it is just grand."

Tanlac is for sale by all good druggists. Over 35-million bottles sold.

BRITISH PREPARE FOR EVENTUALITIES

Military Activity In Near East Reported As Allies Announce Terms Of Virtual Ultimatum

TURK TROOPS MASSING

Extraordinary Meeting Of Angora Assembly Called To Consider Impending Break With Allies

By HENRY WOOD
(U. P. Staff Correspondent)
Lausanne, Jan. 29.—British and Turk military activity in the Near East was reported today as the allies announced terms of the treaty which is a virtual ultimatum to the Angora government.

A Constantinople dispatch declared Mustapha Kemal, Turkish Generalissimo, was urgently recalled to Angora from Smyrna.

British army units, as well as a battalion of native troops, reinforced Mosul as protection against a possible Turk attack if the Lausanne conference breaks up.

Turkish troops were reported massing in Eastern Thrace and elsewhere approaching strategic positions for possible activity against Mosul and Adrianople.

An extra-ordinary meeting of the Angora assembly was convoked to consider the situation created by impending breakdown at Lausanne.

Ismet Pasha, head of the Turkish delegation here, must give a final flat "yes" or "no" to allied terms on Wednesday.

The Earl of Balfour will bring up the question of Mosul at a public session of the council of the league of nations tomorrow, outline the situation and request the league to arbitrate in the interests of world peace.

Dispute over these oil fields proved the chief bone of contention at Lausanne, after Greeko-Turkish terms had been partially arranged.

GERMAN SABOTAGE SPREADS ON RHINE

Continued from Page One
While the latter district was almost completely cut off from the outside world by telephone, telegraph, water-ways and railroad strikes, walkouts by German rail workers spread to Cologne, Treves, Aix-La-Chapelle and Coblenz.

Dusseldorf was temporarily isolated by a strike of communications operatives last night. Central offices of the telephone and telegraph exchanges were closed.

The rail strikes in the Rhineland were aimed particularly at the great international expresses which pass through the occupied zone. French sources reported an attempt to wreck the Paris-Warsaw express outside of Aix-La-Chapelle.

News from the interior of the Ruhr was meager. Apparently a strict censorship, combined with sporadic telegraph and telephone strikes made transmission of dispatches next to impossible.

French troops on the Rhine and in the Ruhr were working to combat German sabotage. The occupation is expected to have reached a stage by Wednesday where France will be able to present an ultimatum to Berlin, demanding payment of 25,000,000 pounds sterling, due January 31.

French Tear up Track

Berlin, Jan. 29.—German rail workers sent eleven huge engines rushing at express speed through the station at Coblenz today, to balk French attempts to requisition them.

The French then tore up 300 yards of track stopping all traffic.

AMUSEMENTS

Mae Murray Is Coming

"Fascination," the latest Mae Murray production, which is presented by Robert Z. Leonard, reveals the famous star in the most ambitious of her roles. No other character that she has portrayed requires as much difficult emotional acting as "Fascination," which is to be shown Tuesday and Wednesday at the Princess. Altogether it marks a new step in her career, a step in the direction of tensely emotional drama. "Fascination" is by Edmund Goulding, who wrote Miss Murray's sensational successful "Peacock Alley" from a story of Ouida Berge. Most of the scenes are laid in Spain. Miss Murray appears as Lolores De Lisa, the daughter of a Spanish father and an American mother. She combines Latin fire with Yankee pep. The combination leads her to bolt from the rigid restrictions of her Spanish home to join the crowds going to the Easter Day bull fight. There she becomes fascinated by a handsome toreador and this fascination leads her into a series of vivid adventures. The cast includes Helen Ware, Creighton Haden, Robert W. Frazer, Courtney Foote, Charles Lane, Vincent Coleman, Emily Fitzroy and Francis Puglia.

At Mystic Two Days

"Shame," the William Fox special will open an engagement at the Mystic today and Tuesday, coming from New York where it was acclaimed as one of the greatest pictures of the year during its run as a prominent Broadway theatre. It was applauded as a tense human drama and as an impressive spectacle.

The scenes of "Shame" are laid in three countries, the last being Alaska—where the hero, in one of the thrilling incidents has a bare fist fight with a wolf in defense of wife and child.

This production has resulted in the marked advancement of several persons of importance in motion pictures—notably Emmett J. Flynn, rank of directors, and John Gilbert, whom is served to place in the front elevated to stardom by William Fox as a result of his impressive work in "Shame." Flynn, still in his twenties, established himself as a director of note with "A Connecticut Yankee in King Arthur's Court," the Mark Twain classic pictured as a William Fox special.

In the cast with Gilbert are Doris Pawn, William V. Mang, George Seigmunn, Rosemary They and Micky Moore.

WILLYS-OVERLAND, INC. WANTS to establish a sales and service agency in this community

WILLYS-OVERLAND, INC., is the only manufacturer that produces two of the eight most popular cars in the world—the Overland—the Willys-Knight.

COMPARISON with other cars in the same price class as to materials, construction, riding qualities and economy of operation is but further evidence of the reason why there is such a demand for Overland and Willys-Knight cars.

75% of all automobiles sold today are of but three different makes! Overland is one of them. 90% of all automobiles sold today are of eight different makes! The Willys-Knight is another of them.

WILLYS-OVERLAND, Inc., is the only manufacturer which, in the Overland and Willys-Knight, produces two out of the eight most popular cars in the world.

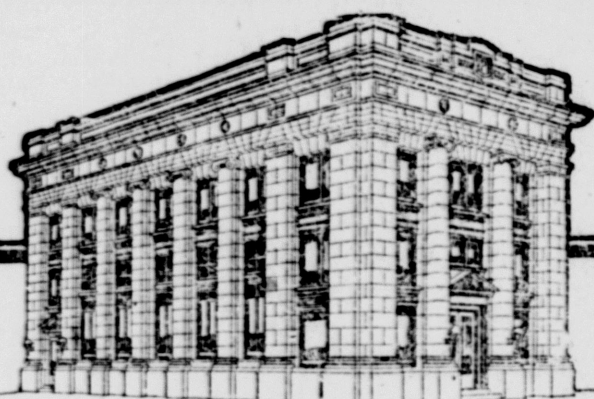

INVESTIGATE the used car market and you will discover that used Overlands of present design move at good prices and Willys-Knight cars are rare among used car stocks.

UNLESS you are familiar with the splendid performance records of the present-day Overland and Willys-Knight, you cannot fully appreciate the reason for the public preference for these two cars.

AND at their new prices, they offer sales possibilities greater than ever before in their history.

IF you have or can command the facilities to establish a high-grade repair shop and local Sales organization write

WOULD CREATE MANY NEW JOBS

Pending Bills Before Indiana Legislature Provide For all Sorts
-of Commissions

FROM BOXING TO EMBALMING

Measure to do Away With Standard Text Books For Schools Destined to be Storm Center

Indianapolis, Ind., Jan. 29—Thousands of new public offices would be created by passage of twenty bills introduced in the state legislature, a survey of pending legislation disclosed today.

The jobs which the law makers propose to create range from commissions to regulate boxing and the playing of billiards to a commission to regulate embalming.

Here are some of the jobs provided in the bills pending in the legislature.

Township road superintendents—1,017 jobs.

Boards of children's guardians in each county—about 200 jobs.

Juvenile court judge in Lake county.

State boxing commission—five commissioners and employees.

Motion picture censorship commission—92 jobs.

County health nurses—92 jobs.

Assistants to county road superintendents—92 jobs.

State constabulary—84 jobs with an appropriation of \$300,000.

Port commission at Evansville—three jobs and an additional taxing unit with a corresponding increase in taxes and bonded indebtedness.

Board of commissioners to inspect steam boilers—five commissioners and employees.

State building commission—three jobs.

Old age pension commissions in state and counties—between 200 and 300 jobs.

State board of embalming and licensing of undertakers—five jobs.

State billiard commission—five jobs.

County board of education—more than 1,000 jobs.

State real estate commission—five commissioners and employees.

All-time county and city health officers—several hundred jobs.

Additional Indianapolis city judge.

Additional Marion county criminal court judge.

In the jumble of speed and the multiplicity of bills, few law makers have taken stock of the legislation which would establish new public offices. One republican seantor who was elected on an economy platform discovered the potential expenses which the many extra salaries would incur and planned to combat it quietly.

There were prospects of nine pending bills becoming storm centers. One was the measure which would permit every school corporation in the state to select different kinds of text books. Another would abolish the state board of education and re-establish it under a different plan.

Other bills carrying the possibility of fights would revise the tax laws to give more power to the tax board, revise the working system of the state board of health, establish the county as a unit in school administration, appropriate \$2,000,000 to complete the reformatory, appropriate money to operate the state government during the two fiscal years beginning October 1, a gasoline tax, establish an eight hour day for women in industry, and create a board of examiners to put chiropractors on a level with medical doctors.

Showing in afternoon for benefit of Schools,
and at 7:30 for the public.

It will be a revelation to those who have never witnessed the many fascinating operations that enter into the manufacture of the motor car. And the camera has caught details that the eye would miss.

You see the raw materials enter, see them converted into the finished units and added in proper order to the ever-moving assembly line and finally the completed car driven away under its own power.

The picture was produced under the direction of the United States department of Commerce, in cooperation with the Studebaker Corporation and will be shown in all parts of the world. See it and you will realize why the representatives of fourteen nations, upon viewing the film in Washington, requested that it be exhibited in their respective countries.

GERMAN SABOTAGE SPREADS ON RHINE

French Troops Forced To Tear Up
Railway Lines At Coblenz To
Stop Trains

STRIKES ARE EFFECTIVE

Paris Considers New Measures To
Force Sanctions—Ruhr Valley
Remains Quiet

(By United Press)

Sabotage against the invaders of
the Ruhr spread up and down the
Rhine today.

At Coblenz French troops were
forced to tear up railway lines to
prevent German rail workers from
rushing express trains through to
avoid their seizure. At Dusseldorf
strike of all workers on systems of
communications were effective.

Walkouts in the lower Rhineland
were aimed at Belgian invaders.

The French at Paris considered new
measures to force sanctions, while
there was a move on foot among
Scandinavian countries to put the
Ruhr situation before the league of
nations council. Ramsay Mac Don-
ald called a meeting of British labor
parliamentarians to consider the
situation.

Attention of Europe was diverted
from the Ruhr to the Near East by
signs of impending clash of arms be-
tween Great Britain and Turkey if
the Lausanne conference ends in dis-
agreement Wednesday. The British
cabinet and the war office are con-
sidering means to offset Turkish ag-
gression at Mosul, while the Angora
government hastily summoned Mas-
atula Kemal from Smyrna.

Apprehension prevails that if the
Lusagane parley fails, and last word
was there was apparently no chance
of Ismet Pasha agreeing to the allied
terms, the Turks will advance in
Thrace and also will attempt to seize
Mosul.

Troubled centers of the Old World
included Ireland where insurgent
were active, wrecking trains, and in
Vienna where mobs clashed with po-
lice wounding 11 of the latter with
stones.

London, Jan. 29.—The entire oc-
cupied Rhineland today lent its
weight to sabotage against French
occupation of the Ruhr.

P. A. MILLER DIES AT HIS HOME HERE

Identified With Rushville Business
Interests As Hotel Man Almost
Four Decades

FUNERAL TUESDAY, 2 P. M.

P. A. Miller, age sixty-seven years,
died at his home, 232 East Third
street, Saturday night at 11:30 o'-
clock of diabetes and complications
following a prolonged illness. He
had been in ill health for several
months and for several weeks pre-
ceding his death, the condition of
the deceased was critical.

Mr. Miller was one of the pioneer
business men of the city, having been
in the hotel business for almost four
decades. He owned the Grand hotel
at the time of his death. Mr. Miller
was a jovial, well-net man, a good
mixer, with scores of friends. One
of his friends remarked today that
he was "too good-hearted for his
own good."

The deceased was born September
7, 1855 on the farm southwest of
Rushville which he owned at his
death and which has been in the Mil-
ler name more than 70 years. He
moved to Rushville in 1879 and lived
here practically the remainder of his
life. His first wife died January 10,
1913.

The survivors are the widow and
two children by the second marriage,
Cynthia Ellen and John Clark, and
three sons by the first marriage, Tom
of Alhambra, Calif., Clyde of Rich-
mond, Ind., and Glen of this city.

The funeral will be held at the
home Tuesday afternoon at two o'-
clock, with burial in East Hill.
Friends may call any time up to the
hour of the funeral.

TRUST BEHIND BILL IS CHARGE

Accusations Made Against Educa-
tion Measures Pending in Lower
House of Legislature

HEATED DEBATE FOLLOWS

House Votes Against Returning
Them to Committee for Further
Consideration

(By United Press)

Indianapolis, Ind., Jan. 29.—Open
charges that a "school book trust"
is the prime mover behind two edu-
cation bills pending in the legislature
were made in the state house of rep-
resentatives.

Following heated debate, the
house voted 60 to 27 against return-
ing the measures to the committee
on education for further considera-
tion. The committee had recommended
that they be approved.

One of the bills introduced by
Representative Harris would reorga-
nize the state board of education.
The other introduced jointly by Rep-
resentative Pittenger, Post, Lowe
and Wedeking would remove the
power of the state board to select
uniform text books for the entire
state and empower each school cor-
poration to select them.

Representative Asa J. Smith asked
that the bills be recommitted and
declared they were actively support-
ed "by a school book trust." He was
aided in his fight against the mea-
sures by Representative Ahlgren who
characterized the measures as "vicious
and a source of contamination in
school affairs."

Representative Harris defended
his measure, with the declaration
that the state board selects the
books after the legislature adjourns
and that the selection last year cost
the state \$600,000.

Pittenger who voted to recommit
the bills said he and his three asso-
ciates in the text book measure had
the interests in the schools at heart
and held no brief for the alleged
trust. He said Indiana is the only
state north of the Mason-Dixon line
which has a centralized system of
choosing text books.

Representative Clapp introduced a
bill in the house to abolish the public
service commission and re-establish
the railroad commission, which the
public service commission supplanted.

gained her health, but expects to re-
sume her duties as supervisor of

TIME FOR PAYING ? OPPOSED TO THE INCOME TAX HERE COUNTY UNIT BILL

Form For Making Returns. On In-
come Of Less Than And In Ex-
cess of \$5,000 Sent Out

REQUIREMENTS OF LAW

Married Persons, Heads Of Fam-
lies Entitled To \$2,500 Exem-
tion On \$5,000 Income

Arrival of the period for filing in-
come tax returns—January 1, to
March 15, 1923—presents to Ameri-
can citizens and residents the ques-
tion "Am I required to file a return?"
and "How shall I be assured of mak-
ing a correct return?"

To every person who last year
filed a return will be sent a form for
making a return of income for the
year 1922—Form 1040A for re-
porting net income of \$5,000 and less
and Form 1040 for reporting net in-
come in excess of \$5,000. Careful
study of the instructions on these
forms will solve many difficulties
which at first glance may seem per-
plexing.

As a further aid, the Bureau of
Internal Revenue has prepared a
series of newspaper statements based
on the latest rulings and decisions
governing the administration of the
revenue act. Answers to the
questions, which from the bureau's
correspondence during the last year
appear perplexing, will be presented
daily. Taxpayers are advised to
preserve these articles as they ap-
pear in order that when they may
have before them a comprehensive
summary of the requirements of the
revenue act.

The tax is imposed upon net in-
come, which is gross income less cer-
tain specified deductions for busi-
ness expenses, losses, bad debts, etc.,
to be fully explained later. Single
persons may subtract from net in-
come, before calculating the normal
tax, an exemption of \$1,000. The
exemption for married persons and
heads of families are \$2,500 on in-
comes of \$5,000 or less and \$2,000
on incomes in excess of \$5,000.

Taxpayers are allowed, also, an
additional credit of \$400 for each
person dependent upon them for
chief support; if such person is un-
der 18 years of age or incapable of
self support because mentally or
physically defective.

Requirements to file an income tax
return rests upon every single per-
son whose net income for 1922 was
\$1,000 or more or whose gross in-
come was \$5,000 or more and upon
married persons whose net income was
\$2,000 or more, regardless of whether
or not the income is taxable. For
example a man and wife with two
children 12 and 14 years old had a
net income for 1922 of \$2,700. Their
exemptions and credits amount to
\$3,300. A single man whose net in-
come was \$1,800 supports in his
home an aged mother. His exemption
is 2,500 as the head of a family,
plus \$400 credit for a dependent.
In both cases returns must be filed,
though the incomes are not taxable.

Twenty-Four Bass Constitute The First Catch of the Season

Jess Drake and Will Manning
made the first catch of fish of
the year, when on Sunday 24
nice bass were pulled out, and
19 were kept, and the rest
thrown back. Of this amount,
Manning bagged the limit of 12,
and Drake had 7. The 19
weighed 16 pounds, and all of
them were large mouth black
bass. Mr. Manning caught 6
bass weighing 5½ pounds, Sat-
urday. It will be recalled that
the first catch of the season
last year was made by Louis
Ellman, Jess Drake and Elmer
Drake on February 22, when 72
bass were caught in about 2
hours, and of the number, 36
which weighed 42½ pounds,
were kept.

A very unusual thing hap-
pened Sunday when Mr. Man-
ning out of 9 straight casts had
nine straight strikes and landed
8 of the bass, letting one "get
away at the bank. This is very
unusual and the 8 bass were
caught in about eight minutes.

Washington Township Farm Bureau
Also Adopts Resolutions Against
Gasoline Tax

SENT TO REP. TROWBRIDGE

Farmers Believe People Should Have
Longer Time to Study Proposal to
Change School System

The Washington Township Farm
Bureau has adopted resolutions op-
posing the county unit school bill
and the bill proposing a tax on gaso-
line, both of which are now before
the Indiana legislature, and has sent
copies of the resolutions to Charles
M. Trowbridge, representative from
Rush and Henry counties.

The resolutions of the bureau ex-
press the opinion that the county
unit school measure should not be
passed at this time on the theory
that the taxpayers of the state have
not had ample time to study such a
radical change in school operation
as is proposed.

The farmers of the township are
willing to see the gasoline tax be-
come a law if the present state tax
rate for roads is reduced to a levy
which would raise an amount equal
to that derived from the proposed
gasoline tax.

The resolutions were drawn up by
a committee composed of B. F. Mar-
tin and George Eitel. Carl Ging is
president of the township bureau.
The resolutions are as follows:

Resolved—That we are opposed to
the proposed County Unit Law, by
the present Legislature, for the rea-
son that the law proposed and based
upon the survey recently published,
has not had sufficient time to be
properly studied by the people, of so
vital a problem. And as it does ef-
fect such a radical change in school
operation, and the same should re-
quire intimate and searching inves-
tigation before definite action. We
believe that necessary time for such
inquiry and digestion of all the facts
and results of favorable action on
said bill should be more fully in-
vestigated and understood by the people.

We are opposed to any legislation
which would add additional burdens
to the taxpayers for schools or any
other purpose at this time. We fur-
ther believe the present township
unit is sufficient and satisfactory
where we have a centralized school,
and that changing to County Unit
would demoralize the township pride
and school spirit in its school with-
out adding to educational efficiency.
We further believe that the County
unit would add additional burdens to
rural communities in transportation,
and added taxes.

Further resolved—We are opposed
to the 2c gallon gasoline tax, unless
the present state tax of 3.3c for
state roads be reduced to a levy
equaling the amount of revenue de-
rived from the gas tax.

We oppose a tax on gas used by
stationary engines for power and
farm tractors, thereby adding ad-
ditional burdens to farm operation.

EDWARDS CLOSES 3 WEEKS REVIVAL

Sunday Growing Day Of Series Of
Protracted Meetings At Main
Street Christian Church

ADD TWENTY-THREE MEMBERS

In Sunday Night Sermon Evangelist
Criticizes Pres. Butler On
Dry Law Stand

The very successful series of evan-
gelistic meetings conducted by the
Main Street Christian Church for
the past three weeks came to a close
Sunday night with a crowd that filled
the large main auditorium and
overflowed into the Sunday school
annex. It was a memorable day
throughout and will mark a tide of
wonderful interest in local evangeli-
sm, members of the church believe.

The evangelist, E. Richard Ed-
wards, pastor at Logansport, has
delivered a series of twenty-one
sermons that have been up to the
standard of the type that won the
unstudied praise of those attend-
ing the meetings. There was a
growth of interest from the very
beginning. Twenty-three came for-
ward during the services to confess
their faith and to transfer their
membership.

Sunday was a day of tremendous
interest. The Sunday school regis-
tered 463 in attendance. The audi-
torium was filled for the morning
worship. By special request a ser-
mon was preached in honor of the
local woman's missionary society.
An eloquent tribute was paid the ef-
forts of the women to spread the
Gospel among alien peoples and in
the home land. The subject was en-
titled, "The New Apostolate of Wo-
man."

The evening sermon was on "The
Fords of Jabbok." It dealt with the
story of Jacob wrestling with the
angel. The lessons drawn from this
incident had to do with life's strug-
gles for the higher values. The il-
lustrations and the reasoning held
the rapt attention of the audience
to the close. Of more than passing
interest was the allusion to the re-
fuge. His attitude was shown to be both
Murray Butler of Columbia Univer-
sity in reference to the eighteenth
amendment.

His attitude was shown to be both
illogical and unworthy of a man so
widely known as an educator. His
stand was declared to be a keen dis-
appointment to the friends of law
and order and decency. The speaker
claimed that in wrestling with this
question the gentleman was defeated
by old John Barleycorn who won
from him the decision of the um-
pire. No man or woman could listen
to the vigorous appeal of the speak-
er and fail to gather new courage
for the contest to crown life with
victory over the baser things.

The Mr. Edwards expressed his
deep appreciation of the wonderful
hospitality of the Rushville folk; of
the splendid chorus and Director Cole
and also for the orchestra. He took
occasion to speak in the highest
terms of the pastor, L. E. Brown as
to his pulpit strength and of the fact
the Rev. and Mrs. Brown with their
gifts and talents were bringing ad-
vantages to the church seldom en-
joyed by any congregation. The Rev.
and Mrs. Edwards left this morning
for their home in Logansport.

STATE TO PROBE FATAL SHOOTING

Two Men are Killed and Vermillion
County Sheriff and Foreigner are
Wounded at Blanford

OUTGROWTH OF RACE RIOT

Fatal Clash Between Sheriff's Posse
and Group of Miners When Ne-
gro's Place is Fired on

(By United Press)

Indianapolis, Ind., Jan. 29.—State
investigation of the shooting at Blan-
ford last night which resulted in the
death of two women the wounding of
Sheriff Harry Newlin of Vermillion
county and the wounding of another
man started today under direction
of Governor McCray.

The governor has been keeping a
close watch on Blanford since an
attack by a negro on a 11-year-old
Elizabeth Bales. All negroes were
ordered from the town on the day
following the attack and most of
them left. A national guard was sent
to Blanford with instructions to re-
port any difficulties arising there.

Last night's trouble was an out-
growth of the race riot, it was said,
and the governor may act to prevent
further difficulties.

Terre Haute, Ind., Jan. 29.—Dawn
and the lifting of the fog saw quiet
restored to the little mining town of
Blanford, 20 miles north of here,
following a night of terror in which
two men were killed and sheriff Harry
Newland of Vermillion county
and a foreigner were wounded.

A dense blanket of mist hovered
over the little town on the Indiana
side of the state line lent a gruesome
stillness to the night following the
fatal clash between a posse and a
group of miners shortly after mid-
night.

Six men were arraigned in court
at Clinton Monday, charged with in-
citing to riot as a result of the kill-
ings. They include Pete Pelich, the
man wounded in addition to the
sheriff.

The dead: Mike Yarach, 43, and
Dan Stupar, both coal miners.

Prosecutor Satterlee said he hard-
ly believed the killings were directly
due to the recent race troubles al-
though investigation which led to the
shooting was directed at trouble
which grew out of the firing of a
fusillade of shots at a negro store.
Satterlee said the sheriff's assail-
ants thought he was heading a li-
quor raiding party.

The trouble came as the culmina-
tion to ten days of tension follow-
ing an attack by a negro on a white
girl, 12 years old. That was January
9. On the day following the attack

A WOMAN'S BACK

The Advice of This Rushville Woman is of Great Value

Many a woman's back has many aches and pains.

Oftentimes 'tis the kidney's fault. That's why Doan's Kidney Pills are so effective.

Many Rushville women know this: Read what one has to say about it: Mrs. Gertie Sager, N. Sexton St., says: "Some time ago I was in bad shape with my back and kidneys. My back was lame and sore and when I stooped the sharp cutting pains were unbearable. It felt as though someone were piercing me with a knife. My kidneys were weak and felt heavy and dull and they didn't act right. I heard of Doan's Kidney Pills and got a couple boxes. They soon did me of the trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sager had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Advertisement.

STATE TO PROBE FATAL SHOOTING

Continued from Page One
A warning was issued by a self-styled "Citizen's committee" to all negroes to quit Blanford. Most of the blacks left but there were a few remained. Two of them were proprietors of the Hale and Brown store.

Last night a group of Serbians, attending a dance, fired a volley of shots into the store conducted by the negroes. Shortly afterward Sheriff Newlin and a party of deputies drove into the town and went to the dance hall to investigate the shooting. Patrons of the dance, who it is reported were under the influence of liquor, opened fire on the sheriff's posse, one bullet striking him in the shoulder. His deputies went to his aid but one of them was overpowered and disarmed.

A gun-battle followed in which the sheriff and one Serbian were wounded and the two men killed.

A call to Newport, the county seat brought additional deputies and the coroner and prosecutor Satterlee to Blanford. Meanwhile the dance had broken up and a semblance of order was restored. The bodies of the dead were taken to Clinton in an ambulance called from that city.

WILL THE POULTRY INDUSTRY

Ever be overdone?—Is a question often asked? Our answer is NO. Does it pay? YES: Of course you must give them proper care, attention and feed.

There is only one hen to every 4 people in the United States and she does not lay an egg every day. So, if you eat more than ONE egg a week you are eating more than your share.

There was a time when the hog held first place as a money producer, but today holds only second place. The revenue from poultry and eggs amounts to more than from the hog industry.

Did you ever stop to think that it takes 7,829 Tons to feed the chickens in Rush County alone a year? 626,350 Tons for Indiana?

Do you know what this means to you farmers as an outlet and market for the grain you produce?

Help build up a home market for your grain by feeding Wonderlay Poultry Feeds, manufactured in Rushville. W. H. Young is our miller. Ask him. For a Full Egg Basket and Money in the Bank feed Wonderlay Laying Mash, a scientifically blended poultry feed.

OBITUARY

Lavonne Henby Hawk, daughter of Charles and Mandy Henby, was born in Rush County, Indiana on April 8, 1893, being the oldest of a family of seven children four of whom, Earl, Paul, Goldie and Marie together with their parents, survive. Lavonne died January 23, 1923 about 8 p. m. at the age of 29 years, 9 months and 15 days.

She united with the Christian Church in Arlington Sept. 26, 1908 at the early age of 15 years, during the pastorate of Brother Burns.

She united in marriage to Howard J. Hawk, March 22, 1911 and to them were born three children, Vera, Lorene and Howard Jr., (11 days old) and Arvine Lavonne, who died in infancy. Husband, daughter and son, remain to cherish the memory of mother.

Mrs. Hawk was an active member of the Arlington Rebekah Lodge and its Degree Staff and will be greatly missed by them.

No greater tribute can be paid to any woman than that of a devoted and true wife and a good mother, and such can be truly said of Lavonne. She had many friends who admired her quiet and gentle manners and we all feel that we have been greatly enriched by having known her and her life. We bring our gifts of flowers, emblems of our esteem and love, in silent tribute to her memory, and remembering that—As the sands of time roll on, and on One by one we are departing—Leaving our home of fragile clay, to dust—

And on a brighter sea embarking—

That somehow—somewhere—meet, we must

In a haven of hope and rest; Forever at home and blest, If in God and Christ, we put our trust.

Mr. Howard Hawk, Vera and Howard Jr., bid her a lingering and sad farewell.

LIFE AND GOOD DAYS.
He that will love life, and see good days, let him refrain his tongue from evil, and his lips that they speak no guile.—1 Peter 3: 10.

Sale of Surplus Arms

The president has forbidden the sale of any of our surplus arms to any government or person where the same would likely be used in a conflict between nations.

Good, for two reasons. It lessens the possibility of another war, and we will have that many more arms on hand in case we have to fight again.

But that is not enough. Wars are only possible where arms, munitions, supplies, food and money are to be obtained by the belligerents.

If another devastating war should break out in Europe the governments involved would be deluged America for money and the necessary supplies. This would be fine for the profiteers, but it would be bad for humanity—very bad.

Shut down on all loans and exports to nations engaged in war.

After they have shot up all of their ammunition, and have eaten up their food, and are beginning to feel the pinch of hunger, they will be ready to stop fighting.

There is no other way to curb or

prevent war in the present generation.

In the meantime we should be so well prepared that we could lick any combination that might be formed against us.

That is about the only way to keep out of war when it comes.

Changing the Calendar

The Chamber of Commerce of an Eastern state has drawn up a resolution calling for an international conference to improve the Georgian calendar, in use throughout most of the civilized world today. The proposed new calendar would embrace 13 months of four weeks each, a year of 365 days and a day to be known as January 0 to sandwich between December 31 and New Year's Day.

Leap year, the resolution provides, would be an international holiday, dropped somewhere among the 365 days where it could be enjoyed with fair prospects of good weather. The thirteenth month, the odd one, would be inserted between June and July, and as a consequence everyone would know without asking on what day New Year's comes, and could forget once and for all whether to figure on a 30 or 31 day month.

Calendar changes have been advocated and some adopted since time immemorial. That we are far from a state of perfection in many phases of our everyday life, does not need repetition. Our armchair and antiquated method of computing distances is but an example. But whether a calendar change is advisable or not is a matter for intense study.

The point we like best about the proposed alteration is the sandwiching of another month—a summer one—between June and July. Just think of it—two Junes!

PEOPLE'S SAYSO

The Miracles Of Jesus

So called "new thought"—which at this present time is being aired by one "Dr. Grant" of New York City—and is always being aired by young smart-alses from richly endowed modern colleges, makes it necessary for the Christian man or woman to state his tenets from time to time.

If vanity were faith, and money bought colleges were the Church of Jesus Christ, and high sounding declarations were the doctrine of Christianity the following statements would not be necessary.

"Modern Thought" has all the rights that it has any reason to expect, but it has not the right to call itself Christianity. Neither has it the right to parade itself in a church dedicated to the preaching of the Faith of Jesus. To see one of the "Moderns" graciously casting his charity-cloak of Great Learning over a congregation of plain

childlike worshipers in a church dedicated to the teachings of the lowly Jesus of Nazareth, is a sight to make angels weep and Devils call for the Jass orchestra.

If, as taught by "modern thinkers" the miracles of Jesus never suspected a natural law, then Jesus himself was an impostor and unworthy, the faith of a single child that now looks up to him and calls him Lord and Master.

If Jesus of Nazareth never "turned water into wine" except according to the laws of medical science, if he never raised the dead by overmastering a divine law, if he never cast out demons in the name and by the power of the Holy Spirit, if he never walked on the sea of Galilee, if he never forgave sins, if he never was on "the mount of transfiguration" in the presence of the embodied spirits of dead worthies of a bygone generation, if he was not of a miraculous birth, and did not rise from the dead as no other founder of any other religion ever did, "then is out preaching in vain, and ye are yet in your sins. Yea, and we are found false witnesses of God."

If Jesus did not these things, he is not even a great teacher, and those who call him great, do so merely that others may be consoled to call themselves. Emerson was one of those who—great thinkers, as he really and truly was—allowed the idea of his own divinity to take precedence over the divinity of Jesus Christ; or rather made himself equal with Christ in inspiration, but Emerson, it must be remembered, saw his ideal of personified divinity totter and fall from its throne when his reason failed him. And every other man who makes himself equal with God or equal with the inspiration of Jesus must some day fall in the dust and worship him who is Lord of lords, and King of kings.

FIFTEEN YEARS
AGO TODAY

(Daily Republican, Jan. 29, 1908)

Several little encounters and a number of warm altercations have occurred among the "brunettes" of West First street within the past several days.

The infant child of Mr. and Mrs. Donald Power of North Main street, is quite ill.

B. W. Riley, formerly of Riley and Kelley, grocers, today announced himself a candidate for trustee of Rushville township, subject to the Republican nominating convention.

County treasurer George H. Caldwell, makes his official announcement today as a candidate for reelection, subject to the Republican nominating convention.

It may interest "absent readers of the Daily Republican abroad" to know that every day in January (almost) is full of sunshine and that at no time has the weather been below ten degrees above zero. Now the politics are growing hot, a rising barometer may be confidently predicted.

E. W. Ball returned from Cincinnati today.

John Demmer was a business visitor in Indianapolis today.

Rev. W. J. Jinnett, the preacher poet of Manila, was the guest of Mr. and Mrs. Russell Casady of West Ninth street today.

Capt. J. M. Gwinn, whose home was saved by the timely work of the Rushville fire department, says that he feels under obligations to each and every member of the department for their gallant service.

City Marshal Price and officer Pea, under instructions from Mayor Cowing are waging war against the travelling fraternity which hits Rushville every day and night via the side-door sleeper route. Last night six hoboes were rounded up and taken to the jail by the officers. On seeing them come down the street one gentleman remarked that there were seven in the bunch while others took exceptions to this remark and declared that they were but six. A small wager was laid on the argument. Investigation proved that there were but six, for the seventh one was Officer Pea with his hobo disguise on, which he wears when chasing and corraling hoboes.

Walking home with thoughts of burglars probably utmost in his mind, Will Feindner on one side of the street and Clyde Miller and a lady friend on the other, near the corner of First and Harrison streets, were startled last night about ten o'clock to hear the sharp report of a gun, which apparently came from behind a tree, where a party was standing not twenty-five feet away from Feindner. A careful investigation was made of the premises, but it failed to disclose any trace of the user of the gun.

Frisky, the well known pet dog of Mr. and Mrs. Joseph Tracey of East Eighth street, died yesterday/afternoon and was laid to rest in the dog cemetery in the rear part of their lot.

The high school students spectacularly initiated the Freshmen which came from the eighth grade this week.

Skin Ablaze

Constant Itching Almost
Unbearable!

We know there is one thing that stops eczema, and that is more red blood cells! S. S. S. builds them by the million! You can increase your red blood cells to the point where it is practically impossible for eczema to stay. We know that as

blood cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you, eczema sufferers, even actually taken advantage of this wonderful fact? Thousands just like you have never thought about it! Skin eruptions, eczema with all its fiery, skin-digging torture and its soul-tearing, unrelenting itching, pimples, blackheads and boils, they all pack up and go, when the tide of blood cells begins to roll in! Blood cells are the fighting giants of nature! S. S. S. builds them by the million! It has been doing it since 1892! S. S. S. is one of the greatest blood-cell builders, blood-cleansers and body builders known to us mortals! When you put these facts together, then to continue to have eczema and skin eruptions looks more like a sin than a disease. Mrs. Arthur N. Smith, Pearl St., Newark, Ohio, writes:

"My little girl had a very bad case of eczema. She began using S. S. S. and in a few days she was very much better. I tell my friends what a good medicine it is. I cannot talk too much about it, for I know it is O. K."

Here is your opportunity. S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red blood cells, it cures rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down. S. S. S. is sold at all drug stores, in two sizes. The larger size bottle is the more economical.

S. S. S. makes you feel like yourself again

onds Defeat Richmond

The jinx trailing the Rushville high school basketball team, followed at their heels again Saturday night, when inability to hit the basket cost the locals a 14 to 34 game to the fast Elwood high school. The Rushville second team chalked up another win, defeating the Richmond high school seconds in the preliminary game, 23 to 14.

The jinx of the varsity squad in the last three or four games has been in hitting the basket, although the team plays equally as well as any team met this year. In the game Saturday night, Rushville outplayed Elwood in the first half, and had more open and close-in shots than the visitors, but even the most easy shot, fails to land through the net.

Elwood was swept off their feet the first ten minutes of the game by the locals, and Rushville grabbed three shots at the basket before Elwood had a chance to touch the ball, but none counted for a goal.

Hillgoss for Rushville, drew the first blood, when he located the basket from the side, and soon afterwards Rushville was given three more chances to score on fouls, but all three went wild.

In the meantime Elwood was given one or two throws, but they also couldn't get started, and their center, Virgil, was the first to score on a long shot, tying the score at 2 points.

View of the Heavyweights

By HENRY L. FARRELL
(United Press Sports Editor)
New York, Jan. 29.—Three former world's heavyweight champions and one who wants to be the next one were clustered in the glare of the ringlight in Madison Square Garden the night Floyd Johnson fought Bill Brennan.

It was a fight advertised as one to give a line on how near the youthful Johnson was to a chance for the title and all the experts and celebrities were there.

With Tex Rickard in the front row were James J. Corbett, the first champion of the Queensbury rules; Jess Willard, the biggest of all title holders, and Tommy Gibbons, in line for the title.

In the manner befitting a blase champion, Jack Dempsey was absent. Back several rows where the glare of the arc lights over the ring began to melt into a black curtain sat Jack Johnson, the "Lil Arthur" of days gone by, gold teeth and the whites of his eye balls sticking through the darkness.

Across the ring on the other side, visible only because he was taller than the rest, sat Harry Wills, the brown Panther of New Orleans, who will never be a world's champion, because he will never get the chance.

In that scattered group was represented all the stages of pugilism; in them were exhibited all the degrees of enthusiasm, ambition, hope and realization.

Corbett, suave and dignified like the "Gentleman Jim" that he was always called, sat there unconcerned watching a young hopeful and an old veteran battle for the chance to get a title and the million that goes with it.

Corbett is gray at the temples and sparse locked on top. His forehead is deeply wrinkled and the telltale crow's feet crop out around his eyes when he laughs. His eyes are behind big horn-rimmed glasses. He looks like a bank president about to retire.

Corbett sat there with his arms crossed over his breast and the expressionless mask of a poker face on his countenance. Corbett's enthusi-

Rushville fought hard and during the next few minutes had shot after shot, and finally Newbold located the basket, putting Rushville in the lead again, 4 to 2.

The first half was ten minutes gone, and Elwood took desperate chances to overcome the lead, resorting to long shots, and also by working the ball close to their basket, and East, their forward, had an accurate eye, putting the ball through for three goals in rapid time, and giving Elwood a 10 to 4 lead.

In the closing few minutes, Elwood ran their score to 13, and kept Rushville trailing at 4, although the locals never gave up fighting, and had possession of the ball most of the time.

The second half started off fast, but Elwood had too much of a lead and they began to bombard the net, making good most of their shots, while Rushville still was unable to make them go through, although they had many shots at all times.

In the last half, Elwood made 21 points, and Rushville 10, and the final count resulted 34 to 14.

asm had dimmed. He had been through it all and the thrill was not there.

Next to him sat Jess Willard, the huge Kansas cowboy, rancher, oil man, sheep herder and speculator—also the man who took the worst beating that a champion ever got in a ring.

Willard looked good. His face tanned by wind and sun made his eyes looked white and clear. His massive chest heaved under a blue silk shirt with collar to match and a neat gray suit. He twirled a big sombrero in his hands and squirmed around trying to get comfortable on a chair many sizes too small for him.

When the fight started, Big Jess moved his three hundred pounds to the edge of the seat and the muscles in his face started. With every blow struck in the ring his eyes squinted, his jaw muscles throbbed, his mouth opened and his tongue would moisten his lips. He was not out of the game long enough to keep from having a little sub-conscious part in it himself.

Next to him sat Tommy Gibbons, the St. Paul boy, the classiest boxer among all the heavyweights; Gibbons was on the edge of his chair. When the gong sounded for a round, all his muscles tightened and his fists clenched. He blocked with his elbows, his shoulders moved like one with a serious nervous trouble. He ducked his head and swayed it around on his shoulders and his feet were constantly shifting. He almost breathed laboriously with the men in the ring when they began to tire.

His demeanor represented ambition, hope, enthusiasm and all their relatives.

Back of them, through the haze of darkness and smoke beamed the golden smile of Jack Johnson. He was perfectly at ease. His bulk was so squeezed in between customers that he couldn't move if he wanted to and he only smiled, as he always did.

Over on the other side, his head on a stretched high neck to see it all, was the face of Harry Wills. He was putting a hunk of chewing gum to the greatest of torture. Otherwise he was just watching.

Newcastle will be the next foe on the locals card, coming here Friday night. The locals were defeated by a one point margin at Newcastle, and a close contest may be expected here. On Saturday the all day county tourney will be held here with eight teams taking part.

The line-up and summary:
Elwood 34 Rushville 14
East F Newbold
Fisher F Hillgoss
Virgil C Phillips
John G McNamara
Green G Ertel
Substitutions, Comella for Newbold; Readle for Hillgoss, Walker for Phillips. Field goals, East 7, Fisher 4, Virgil 2, John 2, Green, Newbold, Comella, Hillgoss, Readle, McNamara 2. Fouls goals, Fisher 1 out of 6, Virgil 1 out of 3, Phillips 2 out of 4. Referee Bills.

Colts Defeat Richmond.
The Rushville second team got off to a fast start in the preliminary game with the Richmond high school seconds, and was leading them 8 to 5 in the first half. In the last half the locals hit another fast clip, and Culp and Dailey made the score mount.

When the locals played at Richmond they lost out, 26 to 10, but the line-up Saturday night was much stronger. The summary:
R. H. S. Colts Richmond
Marshall F Ellibee
Culp F Graffis
Dailey C Walls
Arbuckle G Reid
Conover G Johanning
Substitutions, Warth for Marshall, Somerville for Warth, Wainwright for Warth, Lacey for Graffis, Cummings for Walls. Field goals, Culp 3, Dailey 6, Ellibee 3, Johanning 1. Fouls goals, Dailey 5 out of 11, Cummings 4 out of 13. Referee Brown.

Hittin' 'Em and Missin' 'Em

Hittin' 'em will surely be sorry for the opponents of the Rushville team, whenever they begin to hit the basket, because we feel that some one of these games, the Scarlet aggregation is going to begin to roll 'em in, and nothing will stop 'em.

Rushville should rightfully be called the "tough luck team". More shots at the basket than any of their opponents in the last few games played, but the ball won't go in. Again we say, the team is going to begin makin' 'em count before long, and then watch out. Rushville played equally as good a floor game as Shelbyville or Elwood, and had twice the shots.

ANOTHER TEAM WAS OFF

Cliff Mitchell at Raleigh tells us that his team was just like Rushville Friday night, when they played Moscow, and that they were clear off on their shots. He wants another ring at Moscow, and perhaps he will have the chance in the tourney here Saturday.

Gosnell on that Moscow team, must have been exceptionally good, caging ten field goals against Raleigh.

LOTS OF ROOM NEWCASTLE

"Markin' up a Few" at Newcastle wants Hittin' 'em to save him a couple of seats for the game here Friday night. Well, Markin' up, if the crowd isn't any larger Friday night than it was Saturday night, you can bring the whole family, and find room enough for 1,000 others.

SOME OF YOU FANS ARE POOR SPORTS

This time Hittin' 'em is going to score the fans. You are the poorest kinds of sports. Some of the best of you have deserted the team because they haven't been winning. No team around here fights as hard, and deserves to win as does Rushville. Their team work is along with the best, and they never give up fighting. They deserve to be supported. It would be different, if they didn't try so hard, but when they keep at it, they need your support. Some one of these nights, you will be sorry that you wasn't there, because we still have that hunch, that they are going to locate the basket, and pile up the score.

TWO CUP WINNERS

Alquina won the loving cup at the Fairview tourney and Richmond walked away with honors at the Hagerstown tourney.

HERE'S A NEW ONE

Didja' ever hear tell of a game ending in a tie. Saturday night the Rushville high school girls played the Fairview girls in the preliminary game at Fairview and when the game was over, each team had 14 points. A search was made of the rule book for girls, and nothing could be found setting out the fact that an extra period was necessary in order to determine the winner, and so the game was called a tie.

How are you betting on the Moscow-Milroy game, to be played at Blue Ridge Wednesday night?

HERE IS A 100 PERCENT REFEREE

Fred Bills, the best referee in these parts, tells Hittin' 'em that he wants to take this means of expressing his appreciation to Prof. Butler, Coach Jones and the basketball fans of Rushville for their fine treatment showed him this winter at the games he has officiated in here. The sportsmanship displayed here, he says, is of the best type, and his treatment at all times was the best.

HE IS A HARD WORKER ALSO

Incidentally, the game which he refereed here Saturday night, was his sixtieth this season, and his fifth for the day. He was one of the officials at Hagerstown, and had charge of four games there, before coming here. He said that his list would probably go to the one hundred mark before the season was over. He is anxious to have Rushville in the sectional tourney, and has made that request.

Practice hard on the goals this week, gang. Let's show the crowd that you can make 'em count.

Nervous Breakdown of 10 Weeks
Completely Overcome by Tanlac
She Declares

"I am delighted with the relief I got by taking Tanlac, and am glad to tell about it, hoping it will be of service to others who suffer like I did," declared Mrs. Grace M. Newton, highly respected resident of 18 W. North St., Indianapolis, Ind.

"I suffered from a nervous breakdown and neuritis for ten weeks, and for half that time was in the hospital with very little hope held out for my recovery. I had felt my troubles coming on for three or four years, but could get no relief. I had no appetite, could not sleep and was simply exhausted physically.

"My aunt in Greensburg, Ind., had been helped by Tanlac, and she advised me to take it. When I bought my first bottle I weighed a hundred and twenty, but now I weigh a hundred and thirty-two and my condition has improved wonderfully in every way. I have taken half a dozen bottles so far, and I think it is just grand."

Tanlac is for sale by all good druggists. Over 35-million bottles sold. —Advertisement.

R. H. Dudgeon, 936 West Third street, announces the engagement of his daughter, Miss Eleanor Dudgeon, to David Chamness, of Wabash, Ind., the wedding to take place in the early spring.

Miss Dudgeon is a graduate of the Rushville high school, the Wabash Training School for Nurses and the Children's Hospital at Detroit, Mich., and is now doing special duty at the St. John's Hospital in Anderson, Ind. Miss Mary Louise Gregg, daughter of Mr. and Mrs. Henry Gregg of this city, and Virgil Bryant were married Sunday, shortly after noon at the home of the bride's grandparents, Mr. and Mrs. James Gregg, 331 North Harrison street. The ceremony was pronounced by the Rev. E. Richard Edwards, evangelist of Logansport, who conducted a series of meetings here. Miss Gregg is well known and Mr. Bryant is a former resident of Carthage and is employed in Rushville as a plumber. Following a short wedding trip to his parents at Carthage, the young couple will be at their newly furnished home in this city, 204 E. Ninth street. Twenty-five wedding guests were present, and the wedding dinner followed the ceremony.

Mr. and Mrs. J. C. Gregg, Mr. and Mrs. Selman Webb, Mr. and Mrs. William Bainbridge, Mr. and Mrs. Henry Gregg and family, Mrs. Nina Mull and Virgil Bryant, all of this city, and Mrs. Clara Colvin of Battle Creek, Mich., Mr. and Mrs. Omar Smith and Mr. and Mrs. Raymond Smith of Columbus, Ind., and Mr. and Mrs. Raymond Finney, daughter Josephine, and son Floyd of Carthage.

Many beautiful presents were received by Mrs. Gregg, among them a thirty-year membership badge of the Rebekah degree, presented by her husband. After dinner the meeting was called to order and Mrs. Webb read a carefully prepared paper on the Frazee family, which was very much appreciated.

Military Activity In Near East Reported As Allies Announce Terms Of Virtual Ultimatum

TURK TROOPS MASSING

Extraordinary Meeting Of Angora Assembly Called To Consider Impending Break With Allies

By HENRY WOOD
(U. P. Staff Correspondent)
Lausanne, Jan. 29.—British and Turk military activity in the Near East was reported today as the allies announced terms of the treaty which is a virtual ultimatum to the Angora government.

A Constantinople dispatch declared Mustapha Kemal, Turkish Generalissimo, was urgently recalled to Angora from Smyrna.

British army units, as well as a battalion of native troops, reinforced Mosul as protection against a possible Turk attack if the Lausanne conference breaks up.

Turkish troops were reported massing in Eastern Thrace and elsewhere approaching strategic positions for possible activity against Mosul and Adramople.

An extra-ordinary meeting of the Angora assembly was convoked to consider the situation created by impending breakdown at Lausanne.

Ismet Pasha, head of the Turkish delegation here, must give a final flat "yes" or "no" to allied terms on Wednesday.

The Earl of Balfour will bring up the question of Mosul at a public session of the council of the league of nations tomorrow, outline the situation and request the league to arbitrate in the interests of world peace.

Dispute over these oil fields proved the chief bone of contention at Lausanne, after Greco-Turkish terms had been partially arranged.

GERMAN SABOTAGE SPREADS ON RHINE

Continued from Page One

While the latter district was almost completely cut off from the outside world by telephone, telegraph, water-ways and railroad strikes, walkouts by German rail workers spread to Cologne, Treves, Aix-La-Chapelle and Coblenz.

Dusseldorf was temporarily isolated by a strike of communications operatives last night. Central offices of the telephone and telegraph exchanges were closed.

The rail strikes in the Rhineland were aimed particularly at the great international expresses which pass through the occupied zone. French sources reported an attempt to wreck the Paris-Warsaw express outside of Aix-La-Chapelle.

News from the interior of the Ruhr was meager. Apparently a strict censorship, combined with sporadic telegraph and telephone strikes made transmission of dispatches next to impossible.

French troops on the Rhine and in the Ruhr were working to combat German sabotage. The occupation is expected to have reached a stage by Wednesday where France will be able to present an ultimatum to Berlin, demanding payment of 25,000,000 pounds sterling, due January 31.

French Tear up Track

Berlin, Jan. 29.—German rail workers sent eleven huge engines rushing at express speed through the station at Coblenz today, to balk French attempts to requisition them. The French then tore up 300 yards of track stopping all traffic.

AMUSEMENTS

Mae Murray Is Coming

"Fascination," the latest Mae Murray production, which is presented by Robert Z. Leonard, reveals the famous star in the most ambitious of her roles. No other character that she has portrayed requires as much difficult emotional acting as "Fascination," which is to be shown Tuesday and Wednesday at the Princess. Altogether it marks a new step in her career, a step in the direction of intensely emotional drama. "Fascination" is by Edmund Goulding, who wrote Miss Murray's sensational successful "Peacock Alley" from a story of Onida Berge. Most of the scenes are laid in Spain. Miss Murray appears as Lolores De Lisa, the daughter of a Spanish father and an American mother. She combines Latin fire with Yankee pep. The combination leads her to bolt from the rigid restrictions of her Spanish home to join the crowds going to the Easter Day bull fight. There she becomes fascinated by a handsome torreador and this fascination leads her into a series of vivid adventures. The cast includes Helen Ware, Creighton Hale, Robert W. Frazer, Courtney Foote, Charles Lane, Vincent Coleman, Emily Fitzroy and Francis Puglia.

At Mystic Two Days

"Shame," the William Fox special will open an engagement at the Mystic today and Tuesday, coming from New York where it was acclaimed as one of the greatest pictures of the year during its run as a prominent Broadway theatre. It was applauded as a tense human drama and as an impressive spectacle.

The scenes of "Shame" are laid in three countries, the last being Alaska—where the hero, in one of the thrilling incidents has a bare fist fight with a wolf in defense of wife and child.

This production has resulted in the marked advancement of several persons of importance in motion pictures—notably Emmett J. Flynn, rank of directors, and John Gilbert, whom is served to place in the front elevated to stardom by William Fox as a result of his impressive work in "Shame." Flynn, still in his twenties, established himself as a director of note with "A Connecticut Yankee in King Arthur's Court," the Mark Twain classic pictured as a William Fox special.

In the cast with Gilbert are Doris Pawn, William V. Mang, George Seizmann, Rosemary Theby and Micky Moore.

WILLYS-OVERLAND, INC.

WANTS

to establish a sales and service agency in this community

WILLYS-OVERLAND, INC., is the only manufacturer that produces two of the eight most popular cars in the world—the Overland—the Willys-Knight.

COMPARISON with other cars in the same price class as to materials, construction, riding qualities and economy of operation is but further evidence of the reason why there is such a demand for Overland and Willys-Knight cars.

75% of all automobiles sold today are of but three different makes! Overland is one of them. 90% of all automobiles sold today are of eight different makes! The Willys-Knight is another of them.

WILLYS-OVERLAND, INC., is the only manufacturer which, in the Overland and Willys-Knight, produces two out of the eight most popular cars in the world.

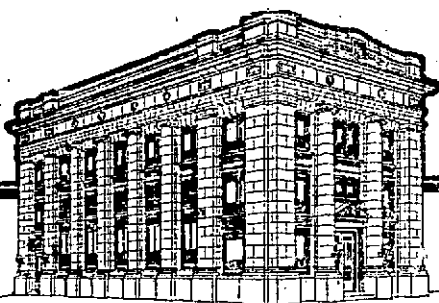

INVESTIGATE the used car market and you will discover that used Overlands of present design move at good prices and Willys-Knight cars are rare among used car stocks.

UNLESS you are familiar with the splendid performance records of the present-day Overland and Willys-Knight, you cannot fully appreciate the reason for the public preference for these two cars.

AND at their new prices, they offer sales possibilities greater than ever before in their history.

IF you have or can command the facilities to establish a high-grade repair shop and local sales organization write

WOULD CREATE MANY NEW JOBS

Pending Bills Before Indiana Legislature Provide For all Sorts of Commissions

FROM BOXING TO EMBALMING

Measure to do Away With Standard Text Books For Schools Destined to be Storm Center

Indianapolis, Ind., Jan. 29.—Thousands of new public offices would be created by passage of twenty bills introduced in the state legislature, a survey of pending legislation disclosed today.

The jobs which the law makers propose to create range from commissions to regulate boxing and the playing of billiards to a commission to regulate embalming.

Here are some of the jobs provided in the bills pending in the legislature.

Township road superintendents—1,017 jobs.

Boards of children's guardians in each county—about 200 jobs.

Juvenile court judge in Lake county.

State boxing commission—five commissioners and employees.

Motion picture censorship commission—92 jobs.

County health nurses—92 jobs.

Assistants to county road superintendents—92 jobs.

State constabulary—84 jobs with an appropriation of \$300,000.

Port commission at Evansville—three jobs and an additional taxing unit, with a corresponding increase in taxes and bonded indebtedness.

Board of commissioners to inspect steam boilers—five commissioners and employees.

State building commission—three jobs.

Old age pension commissions in state and counties—between 200 and 300 jobs.

State board of embalming and licensing of undertakers—five jobs.

State billiard commission—five jobs.

County board of education—more than 1,000 jobs.

State real estate commission—five commissioners and employees.

All-time county and city health officers—several hundred jobs.

Additional Indianapolis city judge.

Additional Marion county criminal court judge.

In the jumble of speed and the multiplicity of bills, few law makers have taken stock of the legislation which would establish new public offices. One republican senator who was elected on an economy platform discovered the potential expenses which the many extra salaries would incur and planned to combat it quietly.

There were prospects of nine pending bills becoming storm centers. One was the measure which would permit every school corporation in the state to select different kinds of text books. Another would abolish the state board of education and re-establish it under a different plan.

Other bills carrying the possibility of fights, would revise the tax laws to give more power to the tax board, revise the working system of the state board of health, establish the county as a unit in school administration, appropriate \$2,000,000 to complete the reformatory, appropriate money to operate the state government during the two fiscal years beginning October 1, a gasoline tax, establish an eight hour day for women in industry, and create a board of examiners to put chiropractors on a level with medical doctors.

Ed Lyons Sells Peoples Meat Market to Ed Haywood

Ed Lyons, owner of the Peoples Meat Market, Seventh and Main street, has announced that he has sold his business to Ed Haywood, a pioneer in the meat business here, and that possession will be given February 11. The new owner was associated with the Week's Fresh Meat and Provision company for years. Mr. Lyons, has been located in his present location for nine years.

The retiring owner says that he will not retire from the meat business, but will conduct a service delivery by motor truck, and will announce his routes in a few days, having a cold storage room, and confining his business to deliveries only. Gibson Ross, butcher, will be continued under the management of Mr. Haywood.

The remarkable new film—

The Story of An Automobile

Here's a story of gripping interest with all the thrills of an actual trip through a great automobile plant.

You are invited to see it, as our guests.

Come — and bring the family.

To be shown at

GRAHAM ANNEX
Wednesday, Jan. 31st

Showing in afternoon for benefit of Schools, and at 7:30 for the public.

It will be a revelation to those who have never witnessed the many fascinating operations that enter into the manufacture of the motor car. And the camera has caught details that the eye would miss.

You see the raw materials enter, see them converted into the finished units and added in proper order to the ever-moving assembly line and finally the completed car driven away under its own power.

The picture was produced under the direction of the United States department of Commerce, in cooperation with the Studebaker Corporation and will be shown in all parts of the world. See it and you will realize why the representatives of fourteen nations, upon viewing the film in Washington, requested that it be exhibited in their respective countries.
